

Plants for People

Canberra Towers

The Plants for People project is a joint initiative between Mayfield Nurseries and Southampton City Council which aims to give residents an opportunity to work together to create community gardens.

As part of the project Mayfield Nurseries comes to Canberra Towers on Thursday afternoons, why not drop in and get involved?

Thursdays 1:30-5.00pm

Meet outside Canberra Towers

Learn new skills, meet other members of the community, help to enhance the outside space, get some fresh air!

Everyone is welcome, please come along and join in!
